

Equinepharmacognosy

Talk and Demonstration

Saturday 3rd September

11am – 1pm (includes a short break with opportunity to visit the Garden Café)

£20

Beth Chamberlin

www.equinepharmacognosy.co.uk

Since the dawn of time animals have evolved an innate ability to self-select medicines from nature for survival. Find out how horses can self-medicate and heal themselves through Applied Zoopharmacognosy.

Tickets can be purchased online at www.munningsmuseum.org.uk or email bookings@munningsmuseum.org.uk or call 01206 322127 (option 4) for more information.
