Dressage/ Show jumping / Working Hunter & Mobile XC fences

All phases and warm up arena will be held on grass. The jumping phase is a single phase show jumping track, followed immediately by a short course of portable XC fences. Dressage penalties plus show jumping penalties plus XC penalties will be added together and scored as per BE rules. There will be no XC time penalties, with the fastest time being used to divide equality of place, however dangerous riding will incur elimination. As there is no change of riding or horse ware between Show Jumping and XC phases, both should be completed in XC-ware. Body protectors and skull caps must be worn throughout the jumping phase.
