

Kingston Maurward arena hire

The padlock code for the indoor arena doors is 6776. The padlock is located on the big green sliding doors at the end of the arena. Unless there is clearly someone waiting to use the arena after you, please ensure you lock the arena when you have finished.

If you have opened the pedestrian door by the office, please also lock this. The door can be locked from the inside, by twisting the knob above the handle. If you have used a fire exit door, please ensure this is properly closed.

The most direct vehicular access to the arenas is via the back gate, near Dorset Studio School, off the Hollow Hill road. However, please be aware that this gate is locked at 19:30, so if you are arriving or leaving after this time, you will need to use the main route through the college site. Please contact us beforehand if you are unsure of directions – alex.channon@kmc.ac.uk 01305 215016.

The arenas and car park are covered by CCTV.

Please contact us directly if you are looking to book on behalf of a group / club.

A refund will not be issued in the event of a cancellation being made less than 24 hours before the booked hire time. If you cancel a booking with more than 24 hours' notice however, the payment will be refunded.

If you use the lights in the indoor arena, please ensure that you turn them off before you leave. The light switches are located on the wall next to the office door. If you have used the toilets during your visit, please ensure that these lights are turned off as well.

All droppings must be removed from the arenas and car park. Equipment is provided.

If you are hiring any equipment, e.g. jumps, please be aware that set-up and pack-away must be done within your booked time. The arena may be hired immediately before and/or after you.

Please contact us directly if you have any queries regarding arena hire – alex.channon@kmc.ac.uk 01305 215016.
